ENTERPRISE PLANTS

Making work better ... naturally

Our entire Christmas range is available to order on line at
www.enterprisexmas.com

Remember our artificial trees have more decorations than our live trees and can be installed in late November giving you even more value for money. Our best selling unique Turkish copper pots are ready and look as stunning as ever. As always STOCKS ARE LIMITED please make sure you are one of the first 80 clients to send your orders back to secure your hand polished lacquered pot.

Thank you for trusting Enterprise Plants

Comments from Christmas 2008

"Just to a quick note to say thank you for delivering and setting up the Xmas tree in our reception. We ordered trees from other companies in the past and they've tended to look awful. But your tree looks just as good as it does on your website. I will definitely be recommending your services to our other offices in the UK.

"The trees look fantastic this year - lots of positive comments. The guys who delivered them were great, even when I asked the young guy to keep moving the reception tree out further from the wall - "A little bit more, a little bit more", poor thing!"

Please see our terms and conditions for full details.

Decoration styles

Traditional (T)

Traditional decorations are always by far the most popular choice with our clients. White lights, gold and red baubles and lots of very simple, elegant bows.

Modern (M)

Blue and silver themed trees have grown in popularity year on year. This year all our modern trees come with glass icicles and smaller delicate decorations.

Copper (C)

Our copper style is an earthy warming tree scattered with moccasin decorations and include luxury silk poinsettia flowers.

Pot styles

Turkish Copper pot (CP)
Limited to the first 80 orders

Terracotta (TP)

Discounts Available
For orders above 50ft.

Please remember when ordering outdoor trees (which all come with white lights only above 14ft) you need to have a sleeved hole in the ground ready for the tree to be installed

Please note that artificial trees are available for installation from 1st October. Live trees are only guaranteed if installed in December and must be ordered before November to guarantee delivery. Images shown indicate styles only and may be subject to change.

All prices valid until 31 12 2009 and exclude V.A.T.
